Important notice and forward-looking statements

The information set out in this presentation and subsequent discussion does not constitute a public offer for the purposes of any applicable law or an offer to sell or solicitation of any offer to purchase any securities or other financial instruments or any recommendation in respect of such securities or instruments.

The information contained in this presentation and subsequent discussion, which does not purport to be comprehensive nor render any form of financial or other advice, has been provided by HSBC Mexico and has not been independently verified by any person. No responsibility, liability or obligation (whether in tort, contract or otherwise) is accepted by HSBC Mexico, any of its affiliates or any of its or their officers, employees, agents or advisers (each an “Identified Person”) as to or in relation to this presentation and any subsequent discussions (including the accuracy, completeness or sufficiency thereof) or any other written or oral information made available or any errors contained therein or omissions therefrom, and any such liability is expressly disclaimed.

No representations or warranties, express or implied, are given by any Identified Person as to, and no reliance should be placed on the accuracy or completeness of any information contained in this presentation, any other written or oral information provided in connection therewith or any data which such information generates. No Identified Person undertakes, or is under any obligation, to provide the recipient with access to any additional information, to update, revise or supplement this presentation or any additional information or to remedy any inaccuracies in or omissions from this presentation.

Past performance of HSBC Mexico cannot be relied on as a guide to future performance. This presentation and subsequent discussion may contain projections, estimates, forecasts, targets, opinions, prospects, results, returns and forward-looking statements with respect to the financial condition, results of operations, capital position and business of the Group (together, “forward-looking statements”). Any such forward-looking statements are not a reliable indicator of future performance, as they may involve significant assumptions and subjective judgements which may or may not prove to be correct and there can be no assurance that any of the matters set out in forward-looking statements are attainable, will actually occur or will be realised or are complete or accurate. Forward-looking statements are statements about the future and are inherently uncertain and generally based on stated or implied assumptions. The assumptions may prove to be incorrect and involve known and unknown risks, uncertainties, contingencies and other important factors, many of which are outside the control of the Group. Actual achievements, results, performance or other future events or conditions may differ materially from those stated, implied and/or reflected in any forward-looking statements due to a variety of risks, uncertainties and other factors (including without limitation those which are referable to general market conditions or regulatory changes). Any such forward-looking statements are based on the beliefs, expectations and opinions of the Group at the date the statements are made, and the Group does not assume, and hereby disclaims, any obligation or duty to update, revise or supplement them if circumstances or management’s beliefs, expectations or opinions should change. For these reasons, recipients should not place reliance on, and are cautioned about relying on, any forward-looking statements. No representations or warranties, express or implied, are given by any Identified Person as to the achievement or reasonableness of any projections, estimates, forecasts, targets, prospects or returns contained herein. Additional detailed information concerning important factors that could cause actual results to differ materially is available in our 2016 Annual Report and Accounts, Interim Report and Local HSBC Mexico press release.

This presentation contains non-GAAP financial information. The primary non-GAAP financial measure we use is ‘adjusted performance’ which is computed by adjusting reported results for the period-on-period effects of foreign currency translation differences and significant items which distort period-on-period comparisons. Significant items are those items which management and investors would ordinarily identify and consider separately when assessing performance in order to better understand the underlying trends in the business. Reconciliations between non-GAAP financial measurements and the most directly comparable measures under GAAP are provided in the 2016 Annual Report and Accounts, HSBC Group Interim Report, the Reconciliations of Non-GAAP Financial Measures document and HSBC Mexico press release which are available at www.hsbc.com.

3Q17 Financial Performance (vs. 3Q16 unless otherwise stated)

- Reported PBT of \$4.6bn was \$3.8bn higher than 3Q16
- Adjusted PBT of \$5.4bn:
 - Revenue of \$13.0bn up \$0.3bn or 3% up in all three of our largest global businesses:
 - RBWM up \$0.3bn or 6% primarily from increased deposit revenue and included favourable market impacts; excluding these market impacts, revenue increased 5%
 - CMB up \$0.2bn or 5% driven by our Global Liquidity and Cash Management business
 - GB&M up \$0.1bn or 2% primarily from our transaction banking businesses, notably our Global Liquidity and Cash Management and Securities Services businesses
 - Lower LICs reflecting a stable credit environment
 - Increase in operating costs of 7% in part reflecting planned investment in business growth as previously disclosed and increased performance-related costs

9M17

- Reported PBT of \$14.9bn was \$4.3bn higher than 9M16
- Adjusted PBT of \$17.4bn was \$1.2bn or 8% higher than 9M16
- Adjusted revenue of \$39.1bn was \$1.1bn higher than 9M16 reflecting the increased value of our deposit franchise across RBWM and CMB; GB&M revenue 6% higher, despite subdued market conditions
- Adjusted costs of \$22.4bn increased by \$0.9bn or 4% in part reflecting investment for growth

Balance Sheet and capital

- \$69bn or 8% lending growth since 3Q16 (excluding CML run-off and red-linked balances); \$34bn or 3% growth in deposit balances
- Strong capital position with a CET1 ratio of 14.6% and a leverage ratio of 5.7%

Strategy execution

- Completed 71% of the \$2bn buy-back announced in July 2017
- Further \$13bn of RWA reductions in 3Q17 bringing the total reduction to \$309bn since the start of 2015
- \$5.2bn of annual run-rate cost savings realised and remain committed to delivering positive jaws for 2017
- Continue to make good progress with actions to deploy capital and deliver revenue growth:
 - Delivered growth from our international network with 7% increase in transaction banking products and a 14% rise in synergies between global businesses
 - Pivot to Asia generating returns and driving over 70% of Group profits; 17% lending growth vs. 3Q16;
 - \$1.1bn lending growth in Guangdong vs. 3Q16
 - Maintained momentum in Asian Insurance and Asset Management businesses with annualised new business premiums and AuM up 13% and 17% respectively
